TURNED ON  
THE TEUTONSRUSSIANS ON THE GALICIAN  
FRONTIER INFLECTED ON  
THEM A SEVERE  
REVERSE

(Associated Press)

London, Sept. 9.—For the first time in many weeks the Russians, according to their own statements, have inflicted a severe reverse on their opponents. Tuesday's battle near Tarnopol, seventy miles east of Lemberg and near the Galician frontier, while not conclusive, is regarded in England as indicating that the Russians have reached a stage where they propose striking back after a long retreat. The Teutonic forces engaged included not only Austrians but German troops. The Russians say 8000 prisoners were taken. They say the victory would have been pronounced but for the inferiority of their artillery.

The German center is forging ahead slowly by virtue of sustained pressure, but in the north Hindenburg is still unable to force the passage of the Dvina.

Grand Duke Nicholas is on his way to his new headquarters in the Caucasus. The European press is not in accord on what this change means. It is suggested it might mean a vigorous offensive on the Turkish frontier in connection with an effort to force the Dardanelles.

By means of aid raids and gun fire from the sea and artillery bombardment, the French and British continue to hammer the German positions in the west without launching infantry attacks.

PLANS TO CARRY ON  
THE WAR

(Associated Press)

London, Sept. 9.—Commenting on the removal of the Grand Duke Nicholas from the head of the Russian armies, the military expert of the Times says that unless some mistake is made, the plans of the grand duke for retreat can be successfully carried out. He believes with the coming rains, the Russians can fight when they want to and retreat at their pleasure.

Berlin newspapers take various views of the change. Some see in it a political move only and praise the grand duke's leadership. Others say the responsibility for defeat rests alone with him and for that reason the change was made.

BOARD OF PUBLIC INSTRUCTION

Tuesday, August 31, 1915

The Board of Public Instruction in and for Marion county, met in regular session on the above date at its office in Ocala with G. S. Scott, chairman, and B. R. Blitch, members, and J. H. Brinson, secretary, present. J. S. Grantham, member, absent.

Messrs. Rawls and Atkinson, trustees of Fellowship school, called and made request for a second assistant, fifteen large sized desks and one recitation settee and one teacher's desk and for cement to fix the well. The request was granted with reference to well and they were also directed to have two sanitary closets built.

Mr. G. S. Scott, one of the Fairfield trustees, called and made request for second assistant and for certain lights for the house. The lights were granted and action on the request for teacher was postponed.

Mr. J. D. McCaskill, contractor on room of the Ocala primary school, called and had an understanding with the board that the account could be paid when work was completed and accepted by the Ocala trustees and chairman of the board and superintendent.

A request that the Wesley Chapel colored school be re-established was presented and also a petition for the same and the matter was left with Mr. Blitch to investigate and report upon to the superintendent as to the feasibility of re-opening or not.

Mr. John Fogelstrom called and secured final settlement for contract on Capulet building.

Mr. W. J. Seckinger called and made request for permit to send all of his children to the Fellowship school and also that aid be given high school pupils of the county to attend the county high school. It was agreed to grant the permit to send to the Fellowship school but no action was taken on the county aid request.

Mr. Willis and others from the Old Town neighborhood called and renewed a request made at previous meeting of the board to have a new school granted. They proposed to donate the land for the lot and wanted the coun-

ARABIC INCIDENT  
UP AGAINCAPTAIN OF SUBMARINE HAS  
REPORTED AND SAYS HE  
ACTED IN SELF DEFENSE

(Associated Press)

Berlin, Sept. 9.—A German submarine commander has returned to his base of supplies and reported to the admiralty that he torpedoed the liner Arabic, believing she was about to attack the submarine. He says he fired in self defense.

The report says the submarine was destroying a freighter when the Arabic was sighted. The submarine was then on the surface. The Arabic swung around as if to attack the submarine. The commander was still in doubt as to the Arabic's intentions when she changed her course a few points, but kept headed in a direction bringing her nearer the scene. He continued to observe the liner's actions until the Arabic again changed her course and headed directly for the spot where the submarine lay, as if he had sighted the undersea boat. Then the submarine commander believing his craft endangered submerged and fired the torpedo.

GERMANY EXPRESSES REGRET

Berlin, Sept. 9.—Germany's note concerning the sinking of the Arabic was sent Ambassador Gerard yesterday. It ascribes the sinking as an act of self defense.

The note expresses regret for the Americans lost and offers to refer the question of reparation and compensation to The Hague for settlement. It further says the submarine commander was instructed not to attack passenger vessels unless they tried to escape or attack a submarine.

ty to furnish the furniture and the teacher for the coming term and material for a new school building.

Tuesday Afternoon

Mr. J. D. Young, one of the Buck Pond trustees, called and made request for an assistant teacher. Action was postponed.

Mr. J. S. Grantham sat with the board from the beginning of the afternoon session.

The people from Old Town community came back to find the decision of the board and as the proposed school would be within the territory of the Fellowship school district the details to be decided upon with the understanding that the county is willing to furnish the materials and to grant the school.

It was agreed to grant permit to W. J. Seckinger of Martel to send his children to the Fellowship school. Minutes of the last session were read and approved as read.

Mr. C. C. Priest, Jr., one of the Anthony trustees, called and made request for 25 large sized desks, a teacher's desk and chart, and to have the inside of one room painted. Request was granted.

A proposition from S. E. Civil, of Sparr, to put down a well at the Jacob's Well school was presented and it was agreed to have the well put down and to take off one month of school to apply on it.

The superintendent reported that it had been found impracticable to put down a pitcher pump at the Hard Rock school and that a deep well pump had been authorized at \$80.

A request from W. W. Bush, of Silver Springs, for permit to send a pupil to the Ocala school was presented and granted.

The secretary reported the settlement of the matter of the warrant of the Ocala district in favor of the A. B. Rou estate that was reported lost by having a bond for the indemnification of the board in case of loss executed, and having given a county warrant as an advance to the district warrant for \$500.

A communication was presented from the comptroller with reference to the unpaid taxes of the Oklawaha Valley R'y., and the unpaid taxes of the S. A. L., in the Citra district.

A communication from the state superintendent was presented notifying the board that the state board of education would renew their bid on the Citra bonds to be effective when they had been properly advertised under the law. The board then passed a resolution as follows:

That there be due advertisement made of the offer of the \$8000 in bonds

New York, Sept. 9.—Owney Talex, a Russian Finn hallboy at the residence of Mrs. Elizabeth Nichols, who met her death last night at the hands of robbers, was held for murder after he confessed, the police say, to a part in the crime. The robbers tore \$10,000 worth of jewelry from the aged widow but overlooked a strong box with between \$250,000 and \$500,000 worth of gems. It is believed the widow died of fright.

to be sold to the highest bidder, the bids to be opened at 3 p. m., on Tuesday, October 5, 1915, at the office of the board in Ocala, Fla.

A protest was presented from the supervisor and some patrons of the Silver Springs school against two patrons being allowed to send some children to the Ocala school. The matter was discussed and it was agreed to allow them to send.

A communication was presented from Mr. D. R. Zetrouer, one of the Shiloh trustees, suggesting that there be a metal tank supplied their school for securing water. It was ordered that the secretary take the matter up with the entire board of trustees to see if it would be satisfactory with them. He also requested blackboard paint which was ordered to be furnished as soon as it could be secured.

A letter was presented from the state board of health calling attention to the law of 1915, in regard to providing sanitary closets for all the schools and it was agreed that all closets should be made in such a manner by screening and otherwise that they can be kept in a sanitary condition and free from flies, and that it shall be the duty of the teachers and trustees and supervisors to make inspections and see that they are kept in decent and sanitary condition.

A letter was presented from the head camp of the Woodmen of the World in Omaha, Neb., directing that instead of the interest payments being made on the Ocala district bonds at the Metals & Mechanics National Bank of New York, as provided in the bonds, the interest could be settled in New York exchange by sending same to the First National Bank of Omaha, Omaha, Neb. This was done for the reason that the entire issue was held by the Sovereign Camp of the Woodmen of the World at Omaha.

A letter from the city clerk of the city of Ocala was presented notifying the board that a right of way was wanted across their primary school property for the opening of South 4th street. It was agreed that there were no objections to the opening of the street through the property.

The superintendent was authorized to purchase 25 primary reading charts.

A request from the Summerfield colored school was presented for a well to be supplied with water and it was agreed that if they would dig a good well the board would furnish material for it.

The board adjourned for the day. Wednesday Morning Session

The board met with all members present and acting.

Mr. Grantham reported that the patrons of the Fort McCoy school had

MARION'S IMMENSE  
CROP OF MAIZEAmount of Corn Raised this Year  
will Promote Prosperity to an  
Amazing Extent

Marion county's great corn crop has set many people to thinking and has made many a farmer feel good over the prospects of a crib full of corn and a loft filled with fodder. This year he not only has the prospect of feeding the corn to his work stock, fattening his hogs and cows and poultry with it, but he is in grinding it in the numerous country grist mills, into grits and meal, and also into ground and mixed feeds for his stock. Then there is a ready sale for cash for his surplus in Ocala.

One of the first men to take advantage of the corn crop to help himself as well as his neighbors and to keep some of the money at home that has been going west for corn, was Mr. John Dozier of the John Dozier Co., the feed and provision firm which is a close neighbor of the Star.

Mr. Dozier bought and had installed in the back of his room wholesale place of business on Fort King avenue, and all ready for operation as soon as the first of the corn crop was cured and ready to grind, a huge electric motor, silent and powerful, to which he had belted a corn mill that will grind meal, grits or just crack the corn, or any of the stages between. This will also grind alfalfa, oats or anything else of that nature that is fed into it, including corn cobs, and will do one as well as another.

Along side of it is a corn sheller, operated by the same power and the sheller will shell and the grinder grind as much corn with the help of one man in a day's time as several two-horse teams can haul.

As a result, Mr. Dozier is buying Marion county raised corn for all of his demands, paying cash for it, and will continue to do so, to the exclusion of western corn, as long as he can get corn without weevils in it.

Right here the Louis R. Chasal Sons Co. will come in, and when the unweeded corn begins to fill with weevil it will have a huge supply that has been cured and treated and therefore kept free from the little corn pests, so that in all probability Mr. Dozier will use Marion county corn till another crop comes in.

Mr. Dozier sells half a dozen or more mixed feeds. He will now be able to put up all of those mixed feeds and, in fact, is doing so right in his own warehouse. He can give a man any formula that he desires, corn and oats and alfalfa, or add cotton seed meal, one or all of these and in any proportion that may be desired, and put his own label on the bags. The county has not grown enough oats for its own use this season, hence there will be little or none to sell, but by another season Mr. Dozier expects to be able to buy his oats at home also.

In this connection we can mention that Mr. Shuey has a grist mill at his home in the fourth ward and is grinding corn for all who apply on the old-fashioned toll plan.

Giles & Company are doing the same and are grinding a lot of it each week.

LOOKING OVER  
THE LOCATIONSMembers of the City Council Have  
Not Decided on the Site for  
the New Waterworks

The members of the city council met yesterday afternoon at 2 o'clock and taking the plans with them went to the city water works site, between South Fourth and South Fifth streets, where the city owns three-fourths of a block and looked the place over thoroughly. Then then went to the 14-acre lot formerly called "Taylor's pond," and other lots or sites, including the one that Mr. E. H. Seymour proposed to donate to the city. No decision was reached, as the meeting was an informal one, but the members seemed to stand just where they did at the session of the council Tuesday night.

The Star is of the opinion that the council would do well to leave the water works plant where it is and go ahead with the building of the combination electric light and water works plant there. As for the noise that has been talked of, the machinery of the new plant will be absolutely noiseless, and as for any unsightly feature, the new plant will be very slightly and an ornament to that part of town.

W. A. Morgan for scrubbing school house \$5; on Anthony to Union School Furnishing Co. on contract of April 14, 1915, \$46.65 and the same amount payable in 1916 and 1917; on Lowell to A. J. Nystrom & Co. for balance due on maps and globe \$20.75.

It was agreed that in the case of applications for assistant teacher it would be required that the monthly report show the required average before any extra teacher would be granted.

The secretary was directed to send accounts to all adjoining counties upon whom we would have claims for tuition of line pupils.

The treasurer's report was presented and showed conditions as follows: For county funds of ordinary account balance from last month \$769.27, received from comptroller for March redemptions \$91.95, tax collector for regular 1914 collections \$774.20, polls regular \$72 and extra \$20, J. H. Brinson for sale of Capulet old school house \$13, total receipts for August 1915, regular \$1,740.42, total disbursements for same \$1499.99, balance \$140.43. On loan fund received from superintendent for loan from J. M. Blitch on coupon warrants \$700, from W. J. Edwards on same \$2500, from Ocala Lodge F. & A. M. \$1400, balance at beginning \$792.77, total receipts \$5392.77, disbursements from same in redemption of warrants \$4024.08, balance \$1368. On funding warrant account, to Powell, Gerard & Co. receipt of \$23,379.17, disbursements in redemption of county warrants \$23,363.80, balance \$255.37.

On district funds the following balances were shown: Ocala \$87.15, McIntosh \$89.88, Belleview \$334.89, Fantville \$63.01, Dunnellon \$13.82, Reddick \$163.73, Pine Level \$261.52, Mayville \$81.91, Weirsdale \$889.10, Citra \$3.96, Griner Farm \$4.01, Buck Pond \$223.25, Sparr \$9.16, Candier \$568.56, Fellowship \$123.85, Electra \$48.78, Blitchton \$68.79, Martel, \$368.23, Fort King \$154.61, Capulet \$394.04, Linadale \$261.38, Cotton Plant \$236.09, Orange Lake \$284.34, Oak Hill \$38.58, Moss Bluff \$48.46, Fairfield \$63.38, Cotage Hill \$34.34, Charter Oak \$346.71, Pedro \$40.44, Kendrick \$108.44, Oklawaha \$192.22, Heidville \$363.04, Pleasant Hill \$187.19, Fort McCoy \$39.22, Anthony \$143.28, Summerfield \$59.62, Homeland \$111.83, Shiloh \$10.01. Total \$6319.52.

Balance in district bond interest and sinking fund accounts as follows was shown: Ocala \$757.04, Dunnellon \$688.96, Citra \$366.76, Ocala's interest coupons had been redeemed for past year of \$3750.

No further business appearing the board adjourned to meet in regular session on Tuesday, October 5, 1915. J. H. Brinson, Secretary.
